Any media company can make a polished video or send out a press release.

But our team knows how to recognize, develop, and promote a meaningful story.

GLD Communications identifies, produces, and places stories to demonstrate your organization's value.

That's what separates us from videographers, advertising agencies and press-release distributors.

ONE CLEAR, COMPLETE SOLUTION.

- Feature Video
- Subject-Focused Photography & Stills
- Social Media Video Shorts
- Mass Media Distribution
- Principal Subject Interviews
- Website & Social Media Written Content
- Newsroom-Quality Feature Story
- Tracking & Visibility Reports

We don't just 'point and shoot' then hand you a video.

We develop the story, produce the media – audio, video, nationally distributed feature articles – and put that story in front of the right audience.

THIS PROGRAM IS IDEAL TO:

- Increase public awareness
- Explain a complicated initiative
- Build community trust
- Support fundraising or recruitment
